LinkedIn: rrmarto

Abilities

- Algorithm design.
- Analysis and design of solutions.
- High level of abstraction.
- Systems requirements engineering.
- Unitary and functional testing.
- Teamwork.
- Adaptability to changing environments.

Technologies

Programming Languages:
Java, Dart, Swift, C#.

Web: HTML5, CSS3, JavaScript, PHP.

Frameworks:
Flutter, Spring MVC, Spring Boot, Bootstrap, JQuery.

WS: SOAP, REST, GraphQL, Websockets.

DB: PostgreSQL, MySql, Oracle, MongoDB.

CVS: Git, SVN, RTC, TFS.

IDE: Eclipse, Netbeans, IntelliJ IDEA, Visual Studio Code, Android Studio, XCode.

Testing: JUnit, Mockito.

Methodologies: Scrum, XP, RUP.

Design: Adobe XD, Adobe Illustrator, Adobe Photoshop, Rive.

Cloud: AWS, Firebase, Github.

Languages

Spanish: Native.

English:
Intermediate/Advanced proficiency .

EXPERIENCE

Lead Mobile Developer

CODELIGHT   **Dic, 2021-Jul, 2022**

- Develop Android and iOS applications using Flutter, delivering stable, testable, and maintainable software applications.
- Run a variety of software testing procedures including writing unit and UI tests to identify malfunctions and bugs, before designing and implementing innovative solutions to solve them.
- Research, recommend and implement new technologies to increase app development productivity.
- Create project estimations, project plans and risk assessments for each application in development.

Senior Mobile Developer

YOGO MS CORP   **Oct, 2019-Dic, 2021**

- Support with the entire application lifecycle including concept, design, testing, release, and support.
- Analysis of user requirements and translation of customer needs into application design.
- Clean, modular, and robust code using state management.
- Created and published apps for Android and ios using flutter.

Mobile Developer

FREELANCE   **Sept, 2016-Oct, 2019**

- Supported the entire application project lifecycle from concept, design, testing, release, and post-launch support.
- Liaised with clients to understand their requirements, making appropriate suggestions if required.
- Wrote high quality source code to program complete applications while working to tight deadlines.
- Designed application interfaces to improve the overall user experience.

Full Stack Developer

GDAI   **Apr, 2014-Jul, 2016**

- Implementation of SOAP and REST web services.
- Implementation of web interfaces.
- Implementation of Android apps using Java.
- Modeling of database structures in Oracle and PostgresQL.

Computer Science Specialist

University of Informatic Science   **Sept, 2013-Mar, 2014**

- Design and implementation of web interfaces.
- Design and implementation of unit tests using JUnit.
- Implementation of Android apps using Java.
- Advanced Administration of GNU / Linux Systems.

Training

Postgraduate course:
Advanced Mobile Development, 2015,
Havana Cuba.

Postgraduate course:
Advanced management in
GNU/Linux, 2014, Havana, Cuba.

Postgraduate course:
Android Development,2013, Havana,
Cuba.

EDUCATION

Computer Science Engineer
University of Informatic Science   **Mar, 2008-Jul, 2013**

CORE SKILLS

Flutter	Java	Swift	Android	Spring Boot
Git	Firebase	AWS	Docker	Stripe	Twilio

Rest API   GraphQL   Google Maps   MapBox

Adobe XD   Illustrator   Photoshop   Rive
